

Chyron Settings

Chyron Settings

You can download the chyron template. Use the white chyron for darker backgrounds and the forest green chyron for lighter backgrounds.

- After Effects
- Photoshop

Format group	Typeface	Full HD		HD	
		Size	Line spacing	Size	Line spacing
Title small	Rotis Sans, Bold	67 Pt.	67 Pt.	45 Pt.	45 Pt.
Body Copy	Rotis Sans, Regular	39 Pt.	67 Pt.	26 Pt.	45 Pt.

Background box | Gradiant from white/forest green to transparent (Opacity 0%)

The chyron must be placed in the lower part of the frame, either on the left or right - whichever looks better.
Make the positioning left or right dependent on where it looks better visually.
